FAMILY VISION CARE'S COMMITMENT

We are committed to our patients safety.

Let your patients and the public know you are open and safely providing services. Instruct patients in how to safely enter your facility. Reassure patients that their safety is your paramount concern. Signs are printed on sturdy PVC and attach to A-Frame displays.

Let patients know what to expect and that they must have an appointment to enter. Customize your signs with your Practice name, logo and phone number. Signs are printed on both sides so that they can be displayed on easels, as wall displays or on pedestal stands.
